

Climate action plan

Example climate monitoring dashboard

As at 30 June 2023

Additional Scope 3 Emissions

Upstream: **164,300**

Downstream: **344,902**

Long-term climate objective: to align the portfolio with a ‘pursue efforts towards 1.5°C’ objective - i.e. net zero by 2050 or earlier, with an aspiration of achieving a net zero position by 2045.

Weighted Average Carbon Intensity “WACI”
tCO₂e/\$million sales

43.0

68.3% below MSCI ACWI benchmark
52.1% below 2021 baseline

tCO₂e = metric tonnes in carbon dioxide equivalent
